

DLF-500

HEAVY-DUTY LINT FILTER

COMMERCIAL DRYER LINT FILTER

Commercial Duct Work Solution

- Utilities required: compressed air, 115V electrical
- Can be connected to single or multiple commercial dryers
- Easy to clean lint collection bag
- Fire Retardant Fiberglass or Stainless-Steel Housing

The DLF-500 series is fit for large sized on-premise or industrial dryer applications.

DLF-500 is typically paired to several independent dryers, or a single common duct run.

Benefits

- Prevents clogged exhaust duct
- Savings from duct cleaning & maintenance labor
- Prevents fire hazards
- Can be combined with optional booster fan to ensure dryer performance
- CCS laundry design support available
